

Objectives of Panel Discussion: Agriculture and Food Processing Industry

1. Brief introduction of panel members
2. Reasons for biogas digestion
 - 2.1. Environmental
 - 2.2. Need for energy: biogas
 - 2.3. Need for organic fertilizers
3. Potential areas of biogas digestion in industry
 - 3.1. Dairy industry (Milk waste)
 - 3.2. Beer industry
 - 3.3. Food processing waste products
 - 3.4. Municipalities
 - 3.5. Other
4. Potential areas in farming
 - 4.1. Cattle
 - 4.2. Pigs
 - 4.3. Broilers
 - 4.4.
5. Reasons for slow uptake of Biogas Digesters:
 - 5.1. Knowledge
 - 5.2. Awareness
 - 5.3. Other alternatives
 - 5.4. Scarcity of Water
 - 5.5. Other
6. Conclusions
7. Way Forward
