"Creating a single voice to promote
the multiple benefits of biogas in South Africa"

- SABIA

[ABOUT US](#)

The association was formed by a core group of interested and affected parties out of a common need for active representation of the biogas industry in South Africa.

[WHAT IS BIOGAS?](#)

The term 'biogas' is commonly applied to a gas produced by the natural biological decomposition of organic material in the absence of oxygen.

[MEMBERSHIP](#)

All requirements have been satisfied for SABIA to be an officially constituted association.

SABIA SOUTHERN AFRICAN BIOGAS INDUSTRY ASSOCIATION

HOME ABOUT US BIOGAS INFO BLOG EVENTS MEMBERSHIP CONTACT US

Until recently there has been no single body to represent the interests of the members of this diverse industry segment. That will soon change.

The first AGM of the association was held in 2014, important agenda items included the election of a Chairman as well as the admin team and a Steering Committee responsible for attaining the goals of the association. The constitution was formally adopted, making SABIA an officially incorporated association. The elections resulted in the following appointments:

Chairman – Mark Tiepelt
Vice Chairman – Eddie Cooke
Treasurer – Joel Houdet
Admin – Paul Usuri

Steering Committee:

- Mark Tiepelt
- Eddie Cooke
- Joel Houdet
- Paul Usuri
- Rob Clote
- David Corninsh
- Gracia Mungunga
- Jason Gifford
- Justin Butt
- David Cilliers

Nodes:

- Regulations and Technical** – Eddie Cooke
- Admin** – Paul Usuri
- Marketing, PR** – Mark Tiepelt
- Market Research** – Joel Houdet

SABIA intends to promote the needs of industry stakeholders, paving the way to a fruitful and prosperous Biogas industry in Southern Africa, benefiting the geographic region

"Creating a single voice to promote
the multiple benefits of biogas in South Africa"

- SABIA

Current Type of Project

- Rural AD projects
- Industrial Projects
- Municipal Projects
 - WWTW
 - LFG

"Creating a single voice to promote
the multiple benefits of biogas in South Africa"

Type of Information Needed

- Project name
- Developer and contact details
- Type (source of feed stock and sector)
- Technology (rural/CHP/Floating dome Etc)
- Size (volume or Energy)
- Energy use (electricity/fuel/domestic/industrial)
- Location (District/region)
- Status (conceptual/feasibility/construction)

"Creating a single voice to promote
the multiple benefits of biogas in South Africa"

Objectives

- Identify Sector specific challenges
 - Environmental
 - Electricity/fuel/by-products
 - Carbon market
- National Biogas Platform
 - Report results
 - Respond to needs identified
 - Motivate change to support mechanisms and regulation.

"Creating a single voice to promote
the multiple benefits of biogas in South Africa"
